

Lorenzo's Oil [DVD, 0510]

Date: 2006-08-27 17:29:24

Until about the age of 7, Lorenzo Odone was a normal child. After then, strange things began to happen to him: he would have blackouts, memory lapses, and other strange mental phenomena. He is eventually diagnosed as suffering from ALD: an extremely rare incurable degenerative brain disorder. Frustrated at the failings of doctors and medicine in this area, the Odone family begins to educate themselves in the hope of discovering something which can halt the progress of the disease.
